

Labyrinth Prayer: An Ancient Yet “New” Way To Pray

Jill Kimbelry Hartwell Geoffrion, Ph.D.

The History of Labyrinths

Labyrinths are ancient archetypal symbols, the oldest of which have been found in prehistoric ruins. Labyrinths have been discovered on every inhabited continent and have been used for a variety of different purposes. Some ancient labyrinths were large enough to be walked; others were created for literary or visual purposes.

In 324 A.D. Christians placed a labyrinth in their church in Algiers, North Africa.¹ Although Christians must have been using the labyrinth earlier, this is the first historical record we have of the Christian use of the labyrinth. Since that time labyrinths have been prayed, studied, danced, traced, and drawn as Christians have sought to use this spiritual tool to connect and draw closer to God.

Seven historic periods of intense interest in and use of labyrinths have been identified by Jeff Saward, leading world historian on labyrinths². These “flowerings” of the labyrinth as Saward, calls them, have usually lasted for about one hundred years and seem to have occurred during

periods of rapid change. We are currently in a period of historic labyrinth revival that began in the 1980s. Approximately 3,000 labyrinths are now listed publically on the worldwide labyrinth locator³, while it is believed that over 5,000 exist in the United States alone.

A labyrinth is defined as a single pathway that turns back on itself before reaching a center. Labyrinths, with only one meandering path, are distinguished from mazes that have multiple paths as well as dead ends. Most labyrinths are built level with the ground, while architectural mazes are traditionally built using hedges or other materials that add a third dimension.

There are many different labyrinth patterns and Christians have made use of a great variety of these. Many contemporary Christians and churches have chosen to use the eleven-circuit (twelve circle) Chartres-style labyrinth pattern. It is a mathematical symbol with deep Christian theological meaning and was developed from the sixth to the twelfth centuries in Europe as a symbol of the Christian faith⁴. Its flowering center and 113 rays were added to the pattern when in 1201 it was installed across the floor of the Chartres Cathedral in France using limestone and marble.

Theology and Labyrinths

The word “labyrinth” is not found in the Bible, but themes of a following God’s path, journeying in faith, and enjoying God’s presence—all central to labyrinth experiences—are found throughout Scripture. Contemporary authors link Christian concepts of pilgrimage⁵, resurrection⁶, Jesus as the Way⁷ and Christ’s call to follow⁸ with labyrinth experience. Biblical themes of love, joy, peace, truth, comfort, guidance, service, and wisdom are commonly cited in reference to labyrinth use.

Labyrinths are spiritual tools that facilitate the many varied types of prayer mentioned and illustrated in the Hebrew and Christian

Scriptures, including, but not limited to, thanksgiving, intercession, praise, meditation, confession, and free-flowing conversation.

Labyrinth Usage

Across the globe, churches, retreat centers, seminaries, and Christian camps are installing labyrinths inside and outside as extensions of their ministries. Using a wide variety of materials, individual Christians all over the world are placing labyrinths in their yards and gardens for personal prayer. Many are using the labyrinths as a ministry tool, bringing portable versions to prisons, national denominational conferences, and other church related meetings.

When used with a faith perspective, labyrinths are spiritual tools that help people to perceive and connect with God's presence. A "typical" labyrinth experience involves preparing oneself at the threshold, following the single path to the center, spending time in the center, following the same pathway out from the center back to the threshold, and responding to the experience.

Lauren Artress, an American Episcopal priest who has been instrumental in bringing the labyrinth to churches in the United States and training labyrinth facilitators links three spiritual states with movement on a labyrinth.⁹ She describes them as:

1. Purgation: Releasing and shedding while moving towards the center
2. Illumination: Resting in the center with expectancy of experiences of Divine guidance and presence
3. Union: Integration of new awareness within the framework of one's life and service

Others, including labyrinth author, Donna Schaper and Carole Ann Camp¹⁰, suggest seven steps for labyrinth prayer.

1. Preparation: Becoming clear about the focus on the labyrinth

⁹ Artress, Lauren. (1995). *Walking a Sacred Path: Rediscovering the Labyrinth as a Spiritual Tool*. New York, Riverhead Books.

¹⁰ Schaper, Donna. and Carole. A. Camp (2000). *Labyrinths from the Outside In*. Woodstock, VT, Skylight Paths Publishing.

prayer

2. Invocation: Asking God's help as one begins
3. Going in: Moving on the path from the threshold to the center
4. Staying in the center: Resting for as long as one likes
5. Returning to the world: Moving on the path from the center to the threshold
6. Thanksgiving: Giving thanks for what has been experienced
7. Reflection: Taking time to understand the deeper meanings of the labyrinth prayer

As with any spiritual tool, over time and given different contexts, one discovers a great variety of ways to use the labyrinth to deepen spiritually.¹¹

Labyrinth Experiences

Some Christians describe labyrinth walking prayer as “the laying on of feet.”¹² Many speak of it as a form of walking meditation that naturally quiets the mind, brings focus, and often results in insight. Feelings of calm, peace, and clarity are often reported by those using labyrinths. Researchers are working to understand the testimonies of physical and other forms of healing which labyrinth users describe.

Since praying the labyrinth is a kinesthetic experience, the best way to understand more is to use a labyrinth and discover for yourself more about this ancient and “new” form of prayer.

**The “right” way to use this spiritual tool is any way you choose.
Suggestions for a labyrinth experience:**

- * Pray any way that you usually pray.
- * As you move on the labyrinth repeat your favorite Bible verse, sing your favorite spiritually-oriented songs, or pray a favorite prayer (The Lord’s Prayer)
- * Some like to identify a question to ponder as they walk with God.
- * You may prefer to repeat a simple prayer phrase such as, “Jesus” or “Thy will be done” as move on the labyrinth.
- * On the way in: pray for the needs of others
In the center: rest in God’s presence
On the way out: pray for yourself
- * On the way in: consider/explore how Jesus is the Way
In the center: consider/explore how Jesus is the Life
On the way out: consider/explore how Jesus is the Truth
See John 14:6
- * At the threshold: What am I leaving?
On the way in: What am I taking?
In the center: What am I celebrating?
On the way out: What will I offer?
- * On the way in: let go unto listening
In the center: rest unto receiving
On the way out: move unto committing
- * At the threshold: pay attention to your breath
On the way in: pay attention to your body
In the center: pay attention to your spirit
On the way out: pay attention to your mind
- * Feel free to pray the labyrinth in any way that feels natural and supports your spiritual journey.
